ROADMAP SUMMARY

Launch the beta, release the first NFTs, debut the full game, and introduce the \$raccoon token with staking and earning mechanics.

Empower the community with governance tools, establish strategic partnerships, and expand globally with marketing efforts.

Scale the game with new features, expand NFT offerings, enhance \$raccoon token utility, and grow the community through events and competitions.

Focus on sustainability with seasonal updates, cross-platform play, and long-term metaverse integrations.
